

# Panga 19 New

Pangas have been used since 1960's, almost exclusively in Latin America and South East Asia in the early years, now all over the world, for fishing, touring, diving and commercial use including for transporting heavy loads over long distances.

Panga's unique ride is due to a pad keel which starts at the stern, 350mm wide, and tapers to the bow. It is the reason why it requires little horsepower to start and speed up. Dafman Panga 19 is CE certified with category C for the horsepower up to 115HP. However they can easily carry up to 6 persons running with as little as 60HP. Most owners will find that 80HP will provide very economical and quick boating. With its perfect design, it runs smoothly without jumping and bumping even in big wave and wind.

The key features of the Panga 19 design is a high bow 1.38m, a length of 5.80m with a beam 2.00m, gunwale height 0.63m at the front, and 0.56m at the cockpit. The high bow and gunwale provide buoyancy and elevation for casting and retrieval or carrying heavy loads and minimizes spray coming on board. The boat is self drained on the deck. A bow storage is built for anchor and chain, two front dry storages, a storage under the front console seat can be used as a battery tank. There are three tanks at the stern. The one at the starboard is used as a dry bait tank. The one at the portside can be used as a live bait tank with sea water circulating pump fit for them. At the front of the two tanks are the two removable seats. Between the two seats there is a big cabinet hatch. On top of the storage is a small platform. In the cockpit, a live fish tank is built with two plugs for water to get in and out. Two sets of fishing rod racks are built on the both sides. Bow rails, navigation lights, T top and fishing rod holders etc. are the good options for fitting to the boat.

## Specification

Length	5.80m
Width	2.00m
Depth	1.38m
Draft	0.20m
Weight	600kgs
Person	6
Engine applicable	60-115hp
Sailing area	inshore with category C

## Standards

Bow storage for anchor and chain  
Front tank x 2  
Center console with front seat  
Bait tank x 2

Live fish tank	
<b>Price</b>	<b>USD5600.00</b>
<b>Options</b>	
Driver's twin seats with swing backs on S/S base	USD450.00
Steering system/hydraulic with S/S steering wheel	USD780.00
Bow rails	USD560.00
Fuel tank 120L	USD450.00
Bilge pump	USD95.00
Sea water circulation pump for live bait tank	USD450.00
LED navigation lights	USD95.00
Battery 150A	USD150.00
6 in 1 switch board	USD95.00
T top S/S made with fishing rod holder x 4	USD1200.00
Fishing rod holder on the gunwales x 4	USD160.00
Fishing rod racks x 2 sets	USD300.00
Anchor roller	USD95.00
Cross bollard	USD60.00
Stern ladder	USD98.00
Trailer 580 with brake and LED lights	USD1500.00
