

Panga 22

Pangas have been used since 1960's, almost exclusively in Latin America and South East Asia in the early years, now all over the world, for fishing, touring, diving and commercial use including for transporting heavy loads over long distances.

Panga's unique ride is due to a pad keel which starts at the stern, 400mm wide, and tapers to the bow. It is the reason why it requires little horsepower to start and speed up. Dafman Panga 22 is CE and USCG certified with category C for the horsepower up to 140HP. However they can easily carry up to 8 persons running with as little as 60HP. Most owners will find that 90HP will provide very economical and quick boating. With its perfect design, it runs smoothly without jumping and bumping even in big wave and wind.

The key features of the Panga 22 design is a high bow 1.37m, a length of 6.74m with a beam 2.28m, gunwale height 0.69m at the front, and 0.55m at the cockpit. The high bow and gunwale provide buoyancy and elevation for casting and retrieval or carrying heavy loads and minimizes spray coming on board. The boat is of self-draining. A bow storage is built for anchor and chain, a front dry fish tank, a storage under the front console seat can be used for storing fish and fishing tackles. There are three tanks at the stern. The one at the starboard is used as battery tank. The other two can be used as live fish and live bait tanks with sea water circulating pump fit for them. Two sets of fishing rod racks are built on the both sides. Bow rails, navigation lights, T top and fishing rod holders are the good options for fitting to the boat.

Specification

Length	6.74mm
Width	2.28m
Depth	1.40m
Draft	0.21m
Weight	680kgs
Person	8
Engine applicable	60-140hp
Sailing area	inshore with category C

Standards

Bow storage for anchor and chain
Center console with front seat
Driver seat with 4 x fishing rod holder
Fish tank 100L
Live fish tank 80L
Live bait tank 60L

Price

USD7600.00

Options

Steering system/hydraulic with S/S steering wheel	USD780.00
Bow rails	USD660.00
Fuel tank 120L	USD450.00
Bilge pump	USD95.00
Sea water circulation pump for live bait tank	USD450.00
Navigation lights	USD95.00
Battery 150A	USD150.00
6 in 1 switch board	USD95.00
T top aluminum made with fishing rod holder x 4	USD960.00
T top S/S made with fishing rod holder x 4	USD1400.00
Fishing rod holder on the gunwales x 4	USD160.00
Fishing rod racks x 2 sets	USD300.00
Anchor roller	USD95.00
Cross bollard	USD60.00
Foldable ladder	USD98.00
Trailer 680 with brake and LED lights	USD2150.00
