

# Panga 23 NEW

Pangas have been used since 1960's, almost exclusively in Latin America and South East Asia in the early years, now all over the world, for fishing, touring, diving and commercial use including for transporting heavy loads over long distances.

Panga's unique ride is due to a pad keel which starts wide at the stern, tapering to the bow. It is the reason why it requires little horsepower to start and speed up. Dafman Panga 23 is CE with category C for the horsepower up to 90HP. However they can easily carry up to 8 persons running with as little as 60HP. Most owners will find that 60HP will provide very economical and quick boating. With its perfect design, the boat runs smoothly with excellent stability and buoyancy, without jumping and bumping even in big wave and wind.

The key features of the Panga 23 design is a high bow 1.40m, a length of 6.96m with a beam 2.00m, gunwale height 0.70m at the front, and 0.60m at the cockpit. The high bow and gunwale provide buoyancy and elevation for casting and retrieval or carrying heavy loads and minimizes spray coming on board. The boat is of self-draining. A bow storage is built for anchor and chain, Below is a dry fish tank. A live fish tank is in front of the center console. One of the two storages at the rear can be modified into a live bait tank with circulation pump. Bow rails, bimini top and fishing rod holders are the good options to fit the boat for easy and convenient angling or netting fish.

The hull and the deck of the boat are built with vacuum infusion technology. The hatches are made with stamping machine. All these have made the boat lighter but much stronger. Even a small engine can power it at ease.

## Specifications

Length	6.96m
Width	2.00m
Depth	1.40m
Draft	0.22m
Weight	650kgs
Person	8
Engine applicable	60 to 90HP
Sailing area	inshore with category C

## Standards

Bow storage x 2  
Rear storage x 2  
Live fish tank  
Center console or Storage with two hatches

**Price:** USD5000.00/PC EX WORKS

**Options:**

Driver's seat	USD250.00
Fuel tank 100L	USD300.00
Fuel tank 120L	USD450.00
Hydraulic steering system with S/S steering wheel	USD780.00
Bilge pump	USD85.00
Live bait tank with circulation pump	USD590.00
6 in 1 switch board	USD95.00
Bow rails	USD660.00
Battery 150A	USD150.00
Bimini top	USD650.00
Fishing rod holder on the gunwales x 6	USD240.00
Anchor roller	USD120.00
Foldable ladder	USD95.00
Trailer with brakes and LED lights	USD1800.00
Stow capacity	2pcs/40ftHQ
